

Fuses

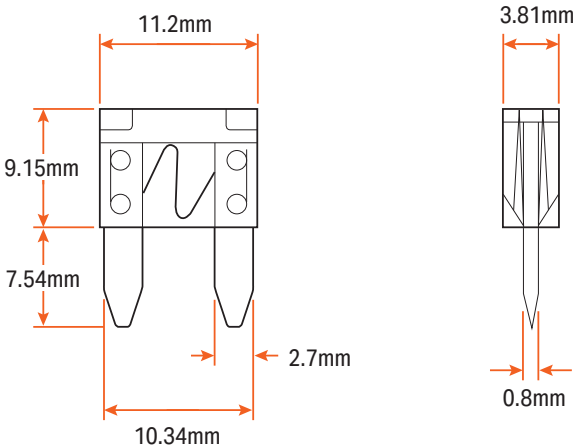

Mini Blade Fuses

- Application:**
- Materials:**
- Voltage rating:**
- Operating temperature:**

Designed primarily for vehicles.
Perfect for use in a wide range of low voltage, automotive and electronic applications.
Ideal for use in a wide range of low voltage, automotive and electronic applications.
Colour coded for amperage identification. Quick and easy to replace.

Tin plated zinc alloy.
32V DC max.
-40°C to +105°C.

Electrical Characteristics	
Load (% rating)	Opening Time(s) Min / Max
110	14,400 / -
135	0.75 / 1800
200	0.15 / 5
350	0.08 / 0.5

Item No. (A)	Colour	Current Rating
FU6-2	Grey	2
FU6-3	Purple	3
FU6-4	Pink	4
FU6-5	Tan	5
FU6-7.5	Brown	7.5
FU6-10	Red	10
FU6-15	Blue	15
FU6-20	Yellow	20
FU6-25	Clear	25
FU6-30	Green	30
